Vitamin B_1 Yeast Tablets are of immense and immediate assistance in helping to restore appetite and build up normal strength and vigour. D.C.L. Vitamin B_1 Yeast Tablets consist wholly of pure dried yeast, which, during the period of cell growth, has developed a particularly high Vitamin B_1 potency. Each one of these tablets contains one-sixth to one-quarter of the normal daily ration of Vitamin B_1 needed for perfect health.

Of immense benefit during and after pregnancy

D.C.L. Vitamin B_1 Yeast Tablets are a safe and pleasant adjunct to the maintenance of sound health and vigour at this time. They assist in preserving a satisfactory physical and nervous well-being of immeasurable value to both mother and child.

Now comes New Macleans Powder with Aluminium Glycinate

THE NEW ANTACID THAT RESTORES NATURAL STOMACH BALANCE

The new antacid Aluminium Glycinate is now available to your patients in a powder — New Macleans Powder.

Aluminium Glycinate actually has the power to restore the stomach to its natural digestive balance, as laboratory tests have proved. Recent clinical tests* with patients suffering from excess acidity show that this is the way to ensure freedom from acid indigestion pain.

"FOLLOW-THROUGH PROTECTION"

Aluminium Glycinate does something else too. When it has achieved natural stomach balance it goes on to *hold* that vital balance — gives "follow-through protection."

Next time a powder indigestion remedy is called for, you can confidently recommend New Macleans Powder. Ensure for your patients the speedy lasting relief that Aluminium Glycinate brings.

If you would like a free sample for your own use, or perhaps for the use of some of your patients, write to: The Professional Department, Macleans Ltd., Great West Road, Middlesex.
